### Statistics Show Sunny Side Of Life In U. S.

THE NEW YEAR is still young and there are many things we can look forward to with pleasant thoughts that will happen in 1955. All too often the gloomy and tragic news rates a banner headline. To correct this situation Changing Times, the Kiplinger magazine, has assembled some statistics that reflect the sunny side of life in the United States.

Here are some of them:

There are 162,922,000 Americans who are not members of the Communist party.

Some 37,011,460 couples will stay more-or-less happily married during the year.

On the average, there are 63,868,000 people working to bring home the bacon.

Last year, the scheduled airlines safely carried passengers 18,902,134,841 miles in the U. S. and possessions; railroads safely carried passengers 31,674,931,200 miles.

Some 162,717,890 persons will not die of cancer in 1955 and 162,380,580 will be safe from fatal heart attacks.

About 692,000,000 acres of forest land will not be set on fire by careless smokers and picnic-goers this year.

Of the 18,977,472 little boys in the country who are under the age of 10, only six or possibly seven will have to go through the terrible ordeal of being President of the United States.

At least 162,944,424 people have not been frightened by seeing flying saucers hurtle through the air.

The Internal Revenue Service will find that \$3,846,154 income tax returns are filed correctly in 1955.

Finally, there are 83 countries in the world that have not discovered the secret of the hydrogen bomb.

THIS AND THAT: Solomon was the only man in history who could truthfully tell a bride that she was one woman in a thousand. . . . Another reason you can't take it with you is that it goes before you do. . . . Truth has only to change hands a few times to become fiction. . . .

## Jaycees Plan 'Pump for Polio' Day to Aid Drive

R. C. "Stopper" Adams, Lions club president and Harrisburg chairman of the 1955 March of Dimes campaign, appeared before the Jaycees at their regular meeting last night to urge Jaycee participation in the current March of Dimes endeavor.

Pointing out that the use of the new Salk polio vaccine will require more funds than ever before, Adams asked that Jaycee spirit and enthusiasm be put to use in helping to bring in a higher amount in this year's campaign. He suggested that the Jaycees take part in the "Pump for Polio" day, initiated by Vice-President Richard Nixon, to take place in Washington, D. C., on Jan. 20, when Nixon will don overalls and work all day in a Washington filling station with the day's profits going to the March of Dimes. Jaycees thought the idea a good one, and it was agreed to have a local "Pump for Polio" day, probably on Sunday, Jan. 23. The Stevens D-X station, at the corner of Main and Raymond, has offered the profits on all gasoline sales and wash jobs for just such a promotion, and if details are worked out, the promotion will take place that day.

Plans for a special program once a month were again discussed, with John Cape being in charge of this month's special program, to take place at the next meeting, Wednesday, Jan. 19.

## Sale of Surplus Products Urged By House Group

### Committee Makes First Formal Attack on Administration Policy

WASHINGTON (UP)—The House Appropriations Committee today demanded that the administration begin selling government-owned surplus products on the world market at "competitive prices."

It said failure to do so is hurting American farmers. It was the first formal attack on administration farm policies since the Democrats took control of Congress.

The committee took its stand in approving "with serious reservations" an administration request for \$7,290,000 deficiency appropriations to handle government-held farm surpluses which have mounted faster than anticipated.

The committee said the administration's export sales policy was partly to blame for the stockpile of nearly seven billion dollars in farm surpluses.

The committee made public secret testimony given Wednesday by Secretary of Agriculture Ezra T. Benson before a subcommittee headed by Rep. Jamie L. Whitten (D-Miss.).

Benson testified that the cotton trade had requested that government cotton stocks be held off the world market. He warned that "dumping" of American surpluses would break the world market price.

The report also criticized the administration for failing to sell abroad at competitive prices corn, cheese, rice, seeds, naval stores, tobacco and wool.

## Mt. Vernon Youth, 17, is Killed When Train Hits Auto

MOUNT VERNON, Ill. (UP)—Paul E. Johnson, 17, of Mount Vernon, was killed instantly Wednesday night when a car he was riding in was struck by a Louisville and Nashville freight train at a crossing here.

Police said the driver of the car, Larry Medders, 17, of near Mount Vernon, stopped the car and then started over the crossing because he didn't think the train was close. Police said warning signals were working.

Medders received a head injury and was in fair condition in a hospital here today. Two other passengers in the car were in serious condition. They are Fred Baker Jr., 17, and Ronnie L. Hutchison, 17, both of Mount Vernon, who were reported to have back injuries.

Police said several persons have been killed in the past at the crossing, where a large building blocks the view. Two pedestrians were killed there last year.

## Sparkman Says Brownell Holds Up Prosecution

### Hits Failure to Take Action Against 'Windfall' Builders

WASHINGTON (UP)—Sen. John J. Sparkman (D-Ala.) questioned today whether the Justice Department is holding up prosecution of "windfall" builders because such action would conflict with legal advice given by Atty. Gen. Herbert Brownell's former law firm.

Sparkman noted that it has been nine months since the administration first disclosed the widely publicized "housing scandals" but that there still has been no prosecution of any "windfall" builder or federal housing official.

"I wonder," Sparkman said in an interview, "when the Justice Department is going to start attacking the real criminality — if there was criminality — namely in tax avoidance."

Sparkman referred to the practice of postwar apartment builders to make huge "windfall" profits by obtaining excessive government insured loans and then pay taxes on the profit as capital gains rather than at the much stiffer straight income rate.

Member of Law Firm  
"I wonder whether the Justice Department can prosecute," Sparkman said, "because some of the finest legal advice (on how to pay the taxes) came from a law firm of which Mr. Brownell was a member."

He referred to the New York law firm of Lord, Day and Lord, of which Brownell was a partner before becoming attorney general. Testimony during the Senate Banking Committee investigation disclosed that the law firm had advised the builders of Glen Oaks Village in Long Island to declare their "windfall" as a capital gain.

The Glen Oaks Corporation, in which George M. Gross, Alfred White and Lawrence Morton were the principal stockholders, pocketed about \$4,600,000 in "windfall" profits. The government has since made a test case against the corporation, contending it should have paid the much higher income taxes on the profits.

Sparkman said he understood the tax advice given by Brownell's law firm on this case "became the pattern throughout the homebuilding industry" in the postwar boom of apartment building with FHA mortgages.

He said the DC-3 also made no contact with CAA facilities after taking off from Lexington, Ky. But he pointed out that filing of a flight plan or contact with the CAA is not required.

Reinhold said he expected to make an exhaustive examination before filing a report on the crash. He added that it might be two months before the final report is prepared.

Committee Investigates  
A six-man investigating committee of CAA, CAB and TWA officials, headed by CAB Representative Fred Rowell of Chicago also inspected the charred remains of the crash.

The Trans-World Airliner, a twin engine Martin 202, carrying 10 persons and a crew of three, was on route from Greater Cincinnati Airport in nearby Boone County, Ky., to Dayton, Columbus and Cleveland, Ohio.

It was airborne only minutes in the bleak overcast skies before the collision occurred with a twin-engine DC-3, en route from Sturgis to Lexington with a pilot and co-pilot. The private plane was to have stopped at Lexington to pick up Mr. and Mrs. Fred Van Lennep, owner of Castleton Farms harness horse stables, and take them to Del Ray, Fla.

Mrs. Van Lennep, owner of the DC-3, is the former Frances Dodge, heiress to the Dodge auto fortune. She declined to comment when contacted concerning the tragedy.

FIFTEEN DIE IN MID-AIR CRASH—Fifteen persons died as this privately-owned DC-3, carrying only pilot and co-pilot, collided with a TWA airliner near Cincinnati. Ten passengers and three crew members, all aboard, died as the TWA plane crashed about a mile from the mid-air collision. (NEA Telephoto)

## CAA Says DC3 Failed to File Flight Plan

CINCINNATI, O. (UP)—A Civil Aeronautics safety official said today a DC-3 which collided with a TWA airliner here Wednesday failed to file a flight plan before taking off from Sturgis, Mich.

Lewis Reinhold, Pittsburgh, Pa., CAA safety agent, commented on the absence of a flight plan after examining wreckage of the two planes which crashed with the loss of 15 lives.

He said the DC-3 also made no contact with CAA facilities after taking off from Lexington, Ky. But he pointed out that filing of a flight plan or contact with the CAA is not required.

## Hammarckjold to Confer with Lodge on Results of Mission; Believed Encouraged

UNITED NATIONS, N. Y. (UP)—Communist China has given Secretary General Dag Hammarskjold some encouragement that it will consider United Nations demands to free 11 American airmen jailed as spies, diplomatic sources said today.

But the official report on Hammarskjold's success or failure will not come until after the Swedish diplomat returns to New York late this afternoon from his round-the-world trip to Peiping where he held a series of conferences with Red Chinese Premier Chou En-Lai.

Hammarskjold arranged to confer with U. S. Ambassador Henry Cabot Lodge Jr. on results of his mission when he reaches New York sometime after 2:30 p. m. in the Super Constellation put at his disposal in Tokyo by Gen. John E. Hull, U. S. Far eastern Commander.

D. R. Manekar, New Delhi resident editor of the Times of India who is on a special assignment in Peiping for United Press, cabled that the Chinese had made a number of "reasonable" proposals and might be ready to release the men on a quid pro quo basis.

Correspondent Sees Release  
Manekar said he was convinced the 11 Americans would be released before expiration of their terms if Peiping is persuaded there are signs of the United States "contributing to the easing of tension in this part of the world."

He said the Communists were believed to have demanded the United States agree to cease such "hostile" acts as "espionage" against Red China.

Guarded official belief that the Communists would reconsider the cases of the 11 imprisoned fliers and other U. N. personnel held in violation of the Korean armistice agreement apparently was based on a report to Washington from U. S. Ambassador John M. Allison in Tokyo.

Hammarskjold briefed Allison and Hull in Tokyo before he left for New York. He refused all comment to newsmen on outcome of his mission but promised an early report when he reached New York.

His plane landed at Stead Air Force Base near Reno, Nev., for refueling and to pick up two U. N. members.

SPRINGFIELD (UP)—The government's star witness has testified he paid Decatur union agent Harry Meisenhelter \$3,300 to avoid labor trouble on construction of an oil pipeline in 1952 and 1953.

Three Boyd, general superintendent of the project for P. & S. Constructors Inc., Cape Girardeau, Mo., testified for the prosecution Wednesday in Meisenhelter's trial on labor racketeering charges.

Boyd told the jury of six men and six women he paid \$150 a week in late 1952 and part of 1953 to Meisenhelter, business agent of the Decatur Common Laborers Union Local, so there wouldn't be any "strikes and shutdowns" or feather-bedding on the project.

The 11-million-dollar pipeline was built for Shell Oil Co. from Wood River, Ill., to East Chicago, Ind. Boyd's firm handled most of the work from the southern border of Christian County northward.

The defense tried to show in cross-examination that Boyd's firm was not paying laborers the wage provided in the company's contract with the International Hod Carriers and Common Laborers Union.

Questioned by Defense Atty. Harold Gruenberg, Boyd admitted there was a strike by laborers late in September, 1952, even though Boyd said he was then paying Meisenhelter for labor peace.

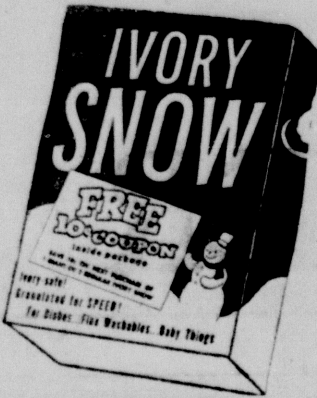

Boyd said the union told him this strike, called for higher wages, couldn't be settled "until we dug up some more money—\$2,500."

He said his firm issued a check for \$2,500 and it later was picked up at the firm's Cape Girardeau office by Evan Dale, chief of common laborers for southern Illinois, recently was convicted of labor racketeering in another case at East St. Louis.

Boyd testified he made "labor shakedown" payments to others beside Meisenhelter in

Douglas Named Chairman of Joint Committee

WASHINGTON (AP)—Sen. Paul H. Douglas (D-Ill.) Wednesday was elected chairman of the Joint Congressional Committee on the Economic Report. It was the group's first meeting under the new Democratic leadership.

Douglas was picked after Rep. Wright Patman (D-Tex.), whom Douglas proposed for the chairmanship, stepped aside and nominated the Illinois senator. Patman was elected vice chairman.

The committee also adopted unanimously a motion by Douglas to rotate the chairmanship every

two years between the House and Senate. Douglas succeeds Rep. Jesse P. Wolcott (R-Mich.). Douglas said the committee hopes to start hearings on the President's economic message as soon as possible after it is received, on Jan. 20.

## File Injunction Against Drilling Under Ohio River

OWENSBORO, Ky. (AP)—An injunction on file today in federal court here asked that Olen Sharp and the Payne Brothers Drilling Co., of Lawrenceville, Ill., be restrained from drilling for oil under the bed of the Ohio river in Henderson county, Ky.

The Payne company began drilling Monday on a riverbed tract which the Carter Oil Co., of Owensboro, claims it has a prior lease. Drilling is being conducted from a barge anchored in the river between the Kentucky and Indiana shores.

A suit to determine the validity of leases claimed by both the Carter company and the Ohio River Oil Co., of Frankfort, Ky., also is pending in federal court here.

C. E. Bryon, Owensboro attorney for Carter Oil, said today Carter holds its under-leases from Henderson county, Ky., fiscal court and Henry B. Walker, a trustee for a landholding concern.

Sharp, a Mount Carmel, Ill., oilman, began drilling with under-leases from the Ohio River Oil Co. on a tract extending from the thread of the stream to the low water mark on the Indiana shore.

He said the Ohio River Oil Co. claims a lease extending under the river for many miles, but the present suit involves only the disputed Henderson County Tract, between Evansville and Mount Vernon, Ind.

A suit filed at Evansville by Henry B. Walker, and others, against the Felmott Oil Corp., New York, attempts to clarify the disputed title to the riverbed oil rights.

A hearing on the injunction and complaint filed here will be held before Federal Judge Henry L. Brooks at Louisville, Ky., Jan. 17.

## Report American Destroyers Fire On Chinese Ships

TAIPEI, Formosa (AP)—Chinese Nationalist correspondents said today two American destroyers fired on Chinese Communist ships Monday near invaded-threatened Tachen Island, but American naval sources would not confirm the report today.

The correspondents made the assertion as Nationalist bombers attacked Red Chinese ship concentrations today in an effort to head off a Communist invasion of the Nationalist outpost 200 miles north of Formosa.

The Chinese reporters, who returned Wednesday night from Tachen, said the American destroyers fired on Communist ships which were pursuing a Nationalist LST south of Tachen. They said the Red vessels fled without returning the fire and that the American ships escorted the LST out of the danger zone.

A high-ranking American naval officer here said he had no information of such action and "doubted" that it had happened.

## Rocky Castellani Wins Decision Over Holly Mims

CLEVELAND (AP)—Rocky Castellani's manager screamed "breach of contract" today when officials of the International Boxing Club refused to name Rocky the immediate middleweight challenger despite his "elimination" victory over Holly Mims Wednesday night.

Manager Alvin Naiman, wealthy Cleveland junk dealer, shouted, "I've got a contract. It says the winner of last night's fight gets a title shot at Carl (Bobo) Olson within 90 days. It's breach of contract if they try to name another challenger."

Castellani, who lost a title verdict to Mims in August, won a unanimous decision over Mims of Washington, D. C., at the Cleveland Arena in a 12-round bout that was advertised as an "elimination" to determine a challenger.

But Truman Gibson, secretary of the IBC, said today, "We'll see. There are a lot of ifs. We want to see how Joey Giardello looks on Jan. 24. If he looks good, he should get the title fight because he's the Number One contender."

Giardello of Philadelphia, who had a knee operation earlier in the winter, is slated to fight Al Andrews at Norfolk, Va., on Jan. 24. It will be his first bout since the operation.

Castellani, ranked second among contenders, weighed 159 1/2 pounds for Wednesday night's nationally televised bout that attracted 5,349 fans and \$22,786. Mims, rated No. 3, sealed 155 1/2, as he suffered his first defeat in 14 bouts.

Rocky won by a fair margin Wednesday night but he did his challenger's cause little good by using his regular hit-and-hold tactics after he had promised to come in with a new "tiger technique."

It was a dull bout in which Rocky registered the only knock-down, dropping Mims with a left hook to the chin in the eighth round.

## Larry Whitlock Sets Scoring Pace for Salukis

CARBONDALE, Ill.—Larry Whitlock, sharpshooting freshman from Mt. Vernon, is setting the scoring pace as Southern Illinois university's basketball team moves this week into the final half of the 1954-55 cage season.

The six-foot-five-inch Whitlock has dumped in 136 points in nine games for an average of 15.1 points per outing. His 319 field goal shooting percentage and his .708 free toss average are good for third spot among the regulars.

The rangy forward is close behind six-foot-seven-inch teammate Gus Doss in the rebound division with 73 grabs off the backboards, an average of 8.9 per game.

Whitlock, a member of Mt. Vernon's state high school championship basketball team last year, scored 22 points in the Salukis' 86-71 I-IAC triumph over Illinois Normal and contributed 12 points in the Salukis' 84-60 loss to defending conference champion Eastern Illinois.

In loop games this week end the Salukis entertain Michigan Normal, tied for the league lead with Eastern, and Central Michigan. Central's Chippewas own a 5-4 record, and the Hurons from Michigan Normal have a 4-4 season mark.

## Hull Pledges U. S. Will Maintain Far East Forces

TOKYO (AP)—Gen. John E. Hull pledged today that the United States never will walk out on the free nations of the Far East but will maintain its military forces on the ready "for as long as they are needed."

Hull, U. S. Far East commander and United Nations commander in Korea, made the pledge at a lunch of the Tokyo Foreign Correspondents Club.

He said United States forces were in Korea and Japan "not entirely of our own choice" and added:

"For as long as they are needed, we are resolved, whatever the cost and inconvenience, to maintain in this part of the world... such concentrations of armed might ready for instant launching as will be decisive if aggression comes."

Hull warned Japan that it cannot remain neutral and must rearm if it wants to remain out of the Communist orbit.

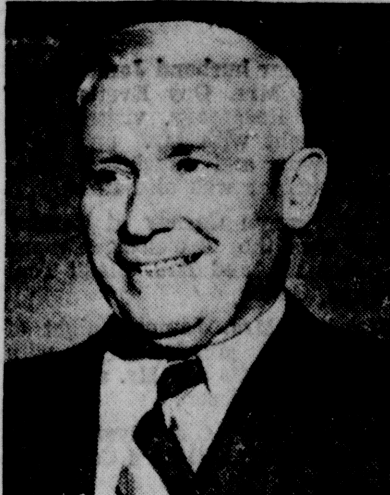

Hull said the recent re-deployment of American troops in the Far East did not jeopardize the security of Japan or Korea. "If anything," he said, "it increases their security as well as the security of all the rest of us in that we are now being deployed in strength."

## U.S. Seeks Meeting With Noel Field

WASHINGTON (AP)—U. S. officials indicated today it will take more than a letter from Noel Field to convince them Field and his wife, Herta, freely sought asylum in Hungary after being imprisoned there for five years.

The officials said the United States still wants the Fields to meet face-to-face with an American diplomat.

State Department spokesman Henry Suydam said late Wednesday Christian Ravnald, U. S. minister to Hungary, had received a hand-written letter purported to be from Noel Field. In the letter Field confirmed he and his wife had sought refuge in Hungary and were in a hospital recuperating from their prison ordeal.

## Senate Subcommittee Warns of Shortage of Ammunition for Allies

WASHINGTON (AP)—A Senate subcommittee warned today of a "shortage of ammunition for our potential allies."

In a final report on its 22-month investigation into ammunition shortages, first reported by Gen. James A. Van Fleet, the subcommittee said the full effect of the ammunition shortage for allies "cannot be determined."

"We spend billions of dollars annually to assist our allies to re-create their economies and to strengthen the sinews of their military machines. It is utterly inconsistent that we overlook the key element in this entire defense effort, namely, adequate amounts of ammunition," the report said.

ado, Calif., and Edward Barron, Bunker Hill, W. Va., were taken to a hospital in nearby Fragola for treatment of minor injuries.

Italian authorities said the three men "hit the silk" when their radio failed and they were unable to locate Naples airport in "zero visibility."

## Rayburn Orders Woman Removed From the House

WASHINGTON (AP)—A "meek little lady" slipped unnoticed onto the floor of the House of Representatives today, strode down the aisle, and asked Speaker Sam Rayburn to recognize her for a five-minute speech.

Rayburn ordered her removed from the chamber. She went quietly.

The red-coated woman, who was in her mid-40s and said she was from Pennsylvania, slipped away before anybody could get her name. The episode occurred so quickly and quietly that few persons in the House chamber were aware at the moment that anything was amiss.

The woman entered the House chamber from a side door, under a sign reading "Members Only."

The first defensive shot in the Civil War was fired April 12, 1861, by the First Artillery at Fort Sumter.

The first basketball game in Harrisburg's new Junior high school gymnasium will be played this evening, Coach Louie Beltz has announced.

Two games will be played featuring Harrisburg and Metropolis Junior high cage teams.

At 6:45 p. m. the seventh grade teams will play with tipoff time for the eighth grade game slated for 8 p. m.

The new gym offers every facility for both the player and fans and a large crowd is expected to witness tonight's game.

Fans are requested to enter the gymnasium from the Church street entrance.

### Stonefort Bows Out Of Tournament Play

Stonefort bowed out of the 14-team grade school basketball tournament at Chittiville Tuesday night, being edged by Pittsburg 29-37.

This was the first defeat of the season for Stonefort, who won the championship of "B" section of the Little Egyptian conference.

The conference is made up of 14 grade schools in Williamson county and for regular season play is divided into two sections, with all teams in each section playing a 12 game schedule.

The tournament brings all fourteen teams together.

Mitchell paced the Stonefort attack against Pittsburg with 14 points.

The first official American flag was displayed on Prospect Hill, Jan. 1, 1776.

### Fist Fight by Willie Mays and Ruben Gomez

SAN JUAN, P. R. —An unusually moody Willie Mays checked up on airplane departures for the U. S. today and preferred not to talk any more about his fist fight with teammate Ruben Gomez.

The battle between Mays and Gomez, who are not only teammates with the New York Giants during the summer but also with the Santurce club of the Puerto Rican Winter League, took place during batting practice Tuesday but first was revealed by local newspapers Wednesday.

Mays admitted there was a fight but didn't care to elaborate on it. His chief interest, he said, was getting back home.

Mays, who led the National league in batting with a .345 average and was recently voted the Most Valuable Player in the circuit during 1954, wanted to quit the Santurce team on the spot immediately after the fight with Gomez, according to reports.

Outfielder Roberto Clemente, a Pittsburgh Pirate rookie, was taking batting practice and decided to get another bat when the trouble began. While Clemente was out of the batting cage, Gomez stepped in and motioned right-hander Milton Ralat to pitch to him.

**Separated by Teammates**  
Ralat told Gomez that it was still Clemente's turn to hit and that he wouldn't pitch until he came back. Irrked, Gomez sat down on home plate.

Mays entered the batting cage at this point and Ralat tossed up a couple of slow balls to him even though Gomez continued to sit where he was.

### NCAA Lists Six New Rules for College Football

NEW YORK —College football has six brand-new rules today—designed to give the game some of the “blessings” of the two-platoon system without any of its “curses.”

A rule permitting more substitutions and five other more minor changes were announced Wednesday by an NCAA committee headed by Herbert O. (Fritz) Crisler—the group that has the “final say” on the rules of the game.

Under the new substitution rule, a player may leave the game once and return to the game once in each period. Last season, a player removed from the game could not return in the same period except for the last four minutes of the second and fourth periods.

The five other new rules were as follows:

1. A change in the signal for a “fair catch” from wig-wagging of a raised arm to a salute with one arm raised skyward. Changed because wig-wagging made it tough to catch the punt.
2. Allow the ball-handler on extra points or field goals to attempt to run, kick, or pass it, although his knee may be touching the ground when he “spots” the ball.
3. Make other linemen eligible to catch forward passes only if no other player on the team lines up closer to the sidelines.
4. Outlaw the “hide-out” or “sleeper” play in which a player lurks near the sidelines, then speeds downfield to catch a pass.
5. Allow a change in cleats to round ends instead of flat ends if desired.

The committee officials hoped that the greater freedom in substitutions would give football two of the alleged benefits of the old unlimited substitution or “two-platoon” system—that is, efficiency of play and less injuries.

The rules-makers figure play will be more efficient because coaches will be able to adjust their lineup to meet situations at least once each period. And they figure the return rule will prevent injuries by easing the way for a player who is tired or nursing an injury to leave the game.

### Wood River High Added to HTHS Grid Schedule

HTHS Athletic Director Lawrence Caluffetti announced today that Wood River high school had been added to the Bull Dog football schedule for next fall.

First game of the home-and-home series will be played on Taylor Field Oct. 28. Wood River replaces Assumption high of East St. Louis on the schedule.

There will be four home games and five away from home this fall.

The schedule:

Sept. 16—Murphysboro here.  
Sept. 23—Marion there.  
Sept. 30—Eldorado there.  
Oct. 7—Mt. Vernon here.  
Oct. 14—Centralia there.  
Oct. 21—Herrin there.  
Oct. 28—Wood River here.  
Nov. 4—West Frankfort here.  
Nov. 11—Benton there.  
(“South Seven conference game”)

where he was. Willie asked Ralat to speed up his pitches but the hurler refused, fearing he might hurt Gomez.

Mays then hit a slow ball right back at Ralat and the Santurce pitcher expressed his displeasure. Willie advanced toward him whereupon Gomez quickly jumped up and started after Mays.

A fight ensued in which, according to reports, Willie dropped Gomez with a hard, short right to the jaw. The pitcher then managed to wrestle Mays to the ground and both men pummeled each other in the dirt until teammates separated them.

### Church Sponsored League to Play Tourney Schedule

The church-sponsored basketball season in Harrisburg has been altered and, instead of a regular schedule with each team playing all other teams in the league, will be run off as a double elimination tournament.

Lack of a gymnasium has made it necessary to change the plans, Rev. Glen Daugherty said today.

Originally plans were completed for a three-months' schedule, with games to be played three nights each week in the old Junior high school gym. This gym was destroyed by fire New Year's morning.

Other gymnasiums in Harrisburg had also been booked for various activities on many nights during the coming months, but the church league has been able to pick up several nights when the high school gym would not be in use.

Managers and sponsors of the various church teams entered, plus others that might be interested in basketball play on a tournament basis are invited to meet at the First Christian church Friday at 7 p. m.

### Robin Freeman Of OSU Leads Big 10 Scoring

CHICAGO — Robin Freeman, Ohio State's sharpshooter, was leading the Big Ten basketball scoring race today with a 37-point-per-game average, nearly six points ahead of Don Schlundt of Indiana.

Schlundt, however, who won the scoring title a year ago, was setting total point records with every basket and had an average of 31.3 points per game on a field goal shooting percentage of 56.

His shooting percentage was exceeded, though, by center Duane Peterson of Michigan State with a 70 per cent mark on 14 fielders in 2 tries.

Dick Garmaker of Minnesota was third in scoring with a 29-point average. Frank Ehmann, Northwestern, was fourth with 25.5, and Dick Cable, Wisconsin, was fifth with 21.

In the team scoring Iowa had the highest mark, 86.7 points per game with a 44.8 percentage on field goal shooting. Seven of the 10 clubs were averaging between 80 and 86 points per game.

### Bull Dogs Play At W. Frankfort Friday Night

The Harrisburg Bull-Dogs travel to West Frankfort tomorrow night for their only cage contest of the week with the locals after their first South Seven win of the season.

The Bull Dog record right now is 0-5 and the boys will be going up against a good team that has a 2-2 mark for four games. Gale Dawson—fast-shooting forward, and Paul Peeler, tall junior who made the Red Bird first team as a freshman, are Frankfort standouts. Francis Florian, husky freshman, McDaniels and Raubach round out the first team.

There will be two other loop games tomorrow night with Mt. Vernon host to Benton in a tilt which favors the Rams, and Centralia at Marion. The way the Wildcats have been going lately, they can make it tough on the league-leading Orphans.

There will be two loop contests Saturday night, two real tussles. They are Mt. Vernon at Centralia and Marion at Herrin.

South Seven standings:

Team	W	L
Centralia	5	0
Mt. Vernon	3	1
Marion	4	3
W. Frankfort	2	2
Herrin	2	3
Benton	1	3
Harrisburg	0	5
